Organic chemistry tutor calculus

My passion is to work with students of all ages (Middle School through Graduate Programs) in Science and Math. My goal is to teach/mentor/inspire and help students gain confidence in the below subjects. I currently tutor Chemistry and Chemistry AP, Organic Chemistry, MCAT, DAT, Physics, Physics AP, Algebra I, Algebra II, Pre-Calculus and Calculus courses to Middle/High School and College/Graduate students. I have a specific passion is to work with students of all ages (Middle School through Graduate Programs) in Science and Math. My goal is to teach/mentor/inspire and help students gain confidence in the below subjects. I currently tutor Chemistry and Chemistry AP, Organic Mentoring and helping Pre-Medical and Pre-Dental students get into Medical/Dental School. My posted hours are my preferred times, however I am somewhat flexible and willing to work around your schedule. I am available to do Web-Cam Internet tutoring, so email me to find out more information. I do NOT travel into NYC for tutoring unless my schedule permits. I look forward to helping you pass your Chemistry/Physics and Math courses! My educational background is B.S. in Professional Chemistry (Chemistry Major, Math and Physics Minors) from Eastern Michigan University, an M.S. from Michigan State University and a Ph.D.in Organic Chemistry from the Massachusetts Institute of Technology. Prior to becoming a full time Mentor/Tutor, I worked 4 years in the Pharmaceutical Business in New Jersey. My cancellation policy is 12 hours in advance and at this point in time due to high demand - I operate out of our Montclair - New Jersey office in person - tutor a significant amount via Wyzant (try it for free for 15 minutes and see how great it works!). I do travel if my schedule permits. Eastern Michigan University Professional Chemist Massachusetts Institute of Technology PhD Michigan State University Masters Hourly Rate: \$105 Rate details: Rates are negotiable depending on many factors Lesson cancellation: 12 hours notice required Background check passed on 8/26/2020 Your first lesson is backed by our Good Fit Guarantee Algebra 1, The concepts in Algebra 1 are essential to future success in High School and the Sciences. I help students gain confidence in math concepts and problem solving and enjoy seeing students succeed with this material. Algebra 2, Algebra 2, Algebra 2 tutoring focuses on problems up to the more challenging multi-step problems. I help students gain confidence in the material, which will help them succeed in future math courses. Calculus, I have a passion for working with students in High School and College on High level Calculus material, including Calculus AP AB material, including Calculus about Chemistry and Scientific Principals, while including applications to everyday life. I help students gain confidence in problem solving. Physics, as well as High School Physics and Physics AP courses. My passion is to work with students on this material and help them gain confidence in problem solving. the conceptual as well as mathematical principals of Physics. Prealgebra, My passion is to help students gain confidence in basic math principals. I do this by showing students how to approach the problem and can generally explain multiple approaches. Practice makes perfect in Math and this is the strategy I take with students. Precalculus, Pre-Calculus is one of the most challenging courses in HS. I work one-on-one with students helping them gain confidence in the material. I find that practicing multiple problems and approaches is key to becoming efficient and successful in Pre-Calc. Geometry, SAT Math Algebra 1, The concepts in Algebra 1 are essential to future success in High School and the Sciences. I help students gain confidence in math concepts and problem solving and enjoy seeing students succeed with this material. Algebra 2, Algebra 2 tutoring focuses on problem solving from the basic problems up to the more challenging multi-step problems. I help students gain confidence in the material, which will help them succeed in future math courses. Calculus material, including Calculus AP AB material. Physics, I tutor College Level Physics, as well as High School Physics and Physics AP courses. My passion is to work with students on this material and help them gain confidence in the conceptual as well as mathematical principals of Physics. Prealgebra, My passion is to help students gain confidence in basic math principals. I do this by showing students how to approach the problem and can generally explain multiple approaches. Precalculus is one of the most challenging courses in HS. I work one-on-one with students helping them gain confidence in the material. I find that practicing multiple problems and approaches is key to becoming efficient and successful in Pre-Calc. ACT Math, Geometry, SAT Math Algebra 1, The concepts in Algebra 1, The concepts and problem solving and enjoy seeing students succeed with this material. Algebra 2, Algebra 2 tutoring focuses on problem solving from the basic problems up to the more challenging multi-step problems. I help students gain confidence in the material, which will help them succeed in future math courses. Calculus, I have a passion for working with students in High School and College on High level Calculus material, including Calculus AP AB material. Chemistry and Chemistry and High School Chemistry and High School Chemistry and High School Chemistry and Ch everyday life. I help students gain confidence in problem solving. Physics, I tutor College Level Physics, as well as High School Physics AP courses. My passion is to work with students on this material and help them gain confidence in the conceptual as well as mathematical principals of Physics. Prealgebra, My passion is to help students gain confidence in basic math principals. I do this by showing students how to approach the problem and this is the strategy I take with students. Precalculus, Pre-Calculus is one of the most challenging courses in HS. I work one-on-one with students helping them gain confidence in the material. I find that practicing multiple problems and approaches is key to becoming efficient and successful in Pre-Calc. Geometry Chemistry, I tutor College Level General Chemistry and High School Chemistry and Chemistry AP courses. My passion is to help students understand the value of thinking about Chemistry and Scientific Principals, while including applications to everyday life. I help students gain confidence in problem solving. Dentistry, I have been tutoring DAT (Dental Admissions Test) preparation in the Sciences (Organic Chemistry, General Chemistry, Quantitative Analysis) for the last 10 years with success in helping students achieve high grades and ultimately get into Dental School. I have a PhD. in Organic Chemistry from MIT and work as an Organic Chemistry in the Pharmaceutical Industry. I have been tutoring Organic Chemistry for the last 20 years and have excellent grades. My specific passion is working with Pre-Med/Dental and Science Majors with this challenging material. Physics, I tutor College Level Physics, as well as High School Physics AP courses. My passion is to work with students on this material and help them gain confidence in the conceptual as well as mathematical principals of Physics. ACT Science Track & Field I ran middle distance/long distance in both track and field and cross country in high school and college. Post college, I have trained and ran 2 marathons with a personal best time of 3:03. I can help you devise training programs to reach your goals in road racing, track and field and cross country. Algebra 1, The concepts in Algebra 1 are essential to future success in High School and the Sciences. I help students gain confidence in math concepts and problem solving and enjoy seeing students succeed with this material. Algebra 2 tutoring focuses on problems up to the more challenging multi-step problems. I help students gain confidence in the material, which will help them succeed in future math courses. Calculus, I have a passion for working with students in High School and College on High level Calculus AP AB material. Chemistry, I tutor College Level General Chemistry and High School Chemistry AP courses. My passion is to help students understand the value of thinking about Chemistry and Scientific Principals, while including applications to everyday life. I help students gain confidence in problem solving. Physics, I tutor College Level Physics, as well as High School Physics and Physics AP courses. My passion is to work with students on this material and help them gain confidence in the conceptual as well as mathematical principals of Physics. Geometry, SAT Math ISEE, I have been tutoring students in ISEE for the last 7 years - helping them get into Private School. I also work with many students in the application and recommendation process for getting into private High Schools. MCAT, I have tutored students in preparing for MCAT's for the last 10 Years! Also mentor students towards getting into Dental and Medical School. I focus specifically on the Physics, Math and/or Chemistry/Organic Chemistry/Biochemistry portion of the exam. These are the most critical to most Pre-Med students. I gear my tutoring towards specific questions and techniques in answering the multiple choice questions. Praxis specialized exams. The exams we have worked on include all elementary, middle school and high school math course proficiencies (e.g., math, algebra, algebra, algebra 2, pre-calculus, trigonometry, calculus). I have also worked with students on the Chemistry and Physics Praxis exams helping them achieve success in passing their respective exams. I have a passion for helping teachers become better teachers! ACT Math, ACT Science, SAT Math 5.0 (1,496 ratings) All reviews patient flexible understanding thorough great tutor I could not even begin to say enough good things about Kevin's tutoring skills - he is absolutely fantastic! He tutored my son for 2 semesters of organic chemistry and put together a tutorial for the MCAT. Never having used a tutor before, my son was hesitant to start, but immediately felt a connection with and found confidence in Kevin. Kevin was totally reliable, accessible, organized and patient. He is obviously so brilliant that he is able to take even the most complicated concepts and calmly break them down with reasonable explanations. Any time my son was feeling stress with his work, a session with Kevin would quickly alleviate his anxiety and give him the confidence to move forward. Beyond his intellectual skills, Kevin is a very kind, polite and approachable person. He relates extremely well with this age group. From a practical standpoint, Kevin was very flexible and accommodating - always willing to travel at times and to places which were convenient for my son's schedule. I cannot imagine a more wonderful science tutor than Kevin. Nancy, 14 lessons with Kevin Very helpful. So grateful Kevin was available on short notice. He helped my son fully understand the subject they worked on. So happy I found him. Highly recommend. Carrie, 1 lesson with Kevin Just when I thought my son was going to pull all his hair out, we contacted Kevin who helped him with some test review with only a few days' notice. My son pulled off an A- on his honors chem exam. We had 2 sessions and both were so helpful. Kevin explained the concepts and didn't just run through the answers. My son was thrilled to finally feel prepared for 2 tests during this crazy year. The virtual learning has been so challenging, especially for chemistry without the in-person labs to drive the concepts home. (And I definitely don't remember my high school chem anymore!) Kate, 2 lessons with Kevin My daughter's first Chemistry lesson with Kevin was remarkable, and very beneficial. He presented the material in a simple, easy to understand method. Kevin covered a lot of information, yet made sure my daughter understood a concept before moving on to the next. The added bonuses are Kevin's patience, the fact that he encourages all questions, and his friendly demeere. Marcia, 1 lesson with Kevin KEVIN WAS CHOOSEN TO TUTOR CHEMISTRY, MY SON WAS STRUGGLING IN CHEMISTRY HOWEVER HIS 1ST SESSION WITH KEVIN HE DEVELOPED THE LOVE INSTANTLY BECAUSE KEVIN MADE IT SO EASY TO UNDERSTAND . MY POINT IS KEVIN IS 100% ABLE TO MEET THE NEEDS OF CHEMISTRY TO WHOM EVER IS STRUGGLING OR HAVE NO IDEA. MY SON WAS HAPPY (HARD TO PLEASE) MONEY WELL SPENT! AKEESHA, 37 lessons with Kevin worked with my 17 year old son at the last minute to help him prepare for a chemistry test. Before the lesson my son felt much better prepared. We will definitely be scheduling with Kevin again. Beth, 1 lesson with Kevin Kevin is tutoring me in undergraduate Organic Chemistry. He is intelligent, competent, and able to explain this complicated material in a way that makes sense. My grade has nearly doubled in just a few sessions working with him. Kevin A. is legit! Thanks Kevin! Ronni, 8 lessons with Kevin This is the my son's first lesson with Kevin, I made the last minute request for help from Kevin, and Kevin said yes despite his busy busy schedule, I so appreciate it! Definitely Kevin is very knowledgeable in Chemistry and he knows how to teach teenage boy very well too. My picky boy likes Kevin very much the first lesson! We will definitely have Kevin for more Math and science lessons in the future! Thank You Kevin!! Nancy, 2 lessons with Kevin Chemistry's lab material with my daughter. It was very useful and well explained.. he was quick to respond and schedule lessons. My daughter felt comfortable asking questions. Great help! CAROLINA, 1 lesson with Kevin Great guy who really know what he is talking about. He has helped me a ton in just a few short sessions! Benjamin, 18 lessons with Kevin
